

OEL-KLEEN ABSORBENTS

Pillow OIL ONLY

OIL - WHITE:

property: Hydrophobic, absorbs hydrocarbon-based liquids (oil), water-repellent

Suitable for: Oils, gasoline, diesel, solvents, and petroleum

With these easy-to-store oil binding pads, you can reliably keep your channels, shafts, tanks, basins, and bilges free of oil. Simply place the pads in water-based liquids. Even the thickest oil is reliably absorbed by the oil binding agent. The material of the pads is hydrophobic..

- The enclosed oil binding agent enables quick and easy cleaning.
- The polypropylene filling of the cushion is hydrophobic and suitable for containing and absorbing oil-based stains and liquids in a variety of environments..
- The oil binding agent binds liquids even when the pad is fully saturated.
- The pads absorb and bind oil and other oil-based liquids, including lubricants and fuels, without absorbing water.
- The cushion's robust outer fabric allows liquids to pass through to the filling without obstruction.
- The oil binding agent floats on the water surface and absorbs unwanted oil-based liquids that collect in channels, shafts, tanks, basins, and bilges.
- The bright white color of the oil binder makes it easier to see the oil that has been absorbed.
