

Industry-Wipes

STRONG / ABSORPTIVE / DOUBLE-SIDED

The wipes are eco-friendly, kind to the skin and can be used for many industrial applications.

Drying can be avoided thanks to resealable packaging and simplifies the removal of individual towels.

SOFT AND STRONG WITH MICRO BEADS

Gently clean up in fine cracks, for sealants, oils, adhesives, dirt, ink and water-based paints - also on rough surfaces.

For the cleaning of hands, tools and surfaces.

Scratch free thanks to cleaning micro beads coating on one side for effective removal of crude dirt

Gentle coating on the other side to the wiping

Good absorption of liquids

Resealable packaging, easy removal of individual towels

Cloth size: 220 x 200 mm

1 can = 80 wipes

Article No. 1061061
