

OEL-KLEEN ÖKO-Sorb+ Hygiene

Binding agent for bodily fluids

Binding agent with a fresh scent for vomit and liquid excretions such as blood, urine, etc.— stops odors and removes disgust.

OEL-KLEEN ÖKO-Sorb+ is a special binding agent for the hygienic removal of various liquid or semi-liquid substances on solid and smooth surfaces.

For binding and proper disposal of bodily fluids, e.g., vomit, urine, and blood. Typical locations of use are schools, daycare centers, retirement homes, public transportation, airplanes, and many more..

OEL-KLEEN ÖKO-Sorb+ is also ideal for binding non-hazardous liquids in buildings and boiler rooms, such as heating oil..

The fragrance effectively masks unpleasant odors..
